Letter of reference: Touchton Plumbing Contractors Inc.

To whom it may concern:

I have worked with Touchton Plumbing Contractors on several significant projects and have found them to be responsive and a pleasure to work with. They have worked with our company for over eight years and have done an excellent job from estimating the project to final punch out.

One recent multiphase industrial project completed by Touchton Plumbing was White Wave Foods. This was a \$5 million cooler expansion project on which Touchton Plumbing met and exceeded our expectations on the job. They proved to be technically qualified with excellent management of their crews. They remained focused in meeting all budget and scheduling requirements.

St. John's Oaks was another recently project completed by Touchton Plumbing. This project was a mixed-use warehouse and retail complex consisting of two retail buildings and a warehouse totaling over 100,000 ft.² They completed this project with quality, dependability and service in mind. The leadership and management of Touchton Plumbing can be depended upon to complete a project on time, within budget and with the quality that everyone expects.

It is with pleasure that I recommend Touchton Plumbing. I have found them to be technically competent, dependable, responsive and accessible. They do quality work for a competitive price and their attitude has been to do whatever it takes to get the job done.

If you have any questions or need any further information please feel free to contact me at 904-296-2555.

Sincerely,

Andrew J. Ade, Project Manager
